*Ridings Press, Inc.
Dover, N.H.*

DEDICATION

SERGEANT WALTER BROWN

JOHN OAKLEY

This year's Town Report is jointly dedicated to two men who have served their community with unselfish devotion.

Sergeant Walter Brown has announced his retirement in 1992. He started as a full time Officer, September, 1969, and was promoted to Sergeant in 1973. Brownie will be missed by all for his compassion and devotion.

It was with sadness that we note the passing of John Oakley. He had served the Town for 38 years maintaining the clock. Climbing the steeple, adjusting the mechanism, and repairing the clock were all part of his efforts. He was active in the community serving on the Board of Selectmen 1977 - 1981. Planning Board, and Budget Committee.

TOWN WARRANT

To the inhabitants of the Town of Farmington in the County of Strafford qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Farmington on Tuesday, the tenth day of March next (1992) at nine o'clock in the forenoon to cast your ballot for Town Officers and for questions required by law to be on the ballot. Polls will close no earlier than 7 o'clock in the evening. The remainder of the Warrant will be acted upon Wednesday, the eleventh day of March, beginning at 7 o'clock in the evening.

ARTICLE 1. To choose one Selectman for three years, one Treasurer for one year, one Town Clerk-Tax Collector for three years, three Budget Committee members for three years, one Budget Committee member for one year, one Moderator for two years, one Supervisor of the Check list for six years, one Supervisor of the Check List for two years, and one Trustee of the Trust Fund for three years.

ARTICLE 2. Are you in favor of the adoption of the following amendment to the Town of Farmington Land Use Ordinance Section 8.1 as proposed by the Planning Board to read: Setback requirements shall be as follows: 1/2 acre zone: front 25 feet, sides and rear 15 feet; 1 acre zone front 40 feet, sides and rear 15 feet; and 3 acre zone front 50 feet, sides and rear 15 feet (Recommended by the Planning Board).

ARTICLE 3. Shall the Town vote to require that manufactured housing units (mobile homes) being converted to storage units or other non-living uses be required to meet the BOCA building code standards for accessory buildings. (Recommended by the Planning Board)

ARTICLE 4. Are you in favor of amending the first paragraph of Article 9.1 of the Land Use Ordinance to read as follows: The Housing and Urban Development Standards for the regulation of manufactured housing RSA 47:22-a. The Standards shall apply to all manufactured housing units brought into town after the initial adoption of the standards (1984). The Standards shall apply to any manufactured housing unit moved from one location in town to another location in town. The Standards shall not apply to manufactured housing units that were placed as dwelling when the Standards were first adopted (1984) and which remain in the same location they were in 1984. A HUD label applied to the unit at the time of manufacture shall be prima facie evidence that an unaltered unit meets the Standards. If there is no HUD label or the unit has been altered, the owner must prove that the unit meets the standards. (Recommended by the Planning Board).

ARTICLE 5. Are you in favor of amending the Farmington Land Use Ordinance to delete Section 3.8 and replacing it, by adding a new section, the Waterfront Protection Overlay Zone as proposed by the Planning Board. These regulations would authorize the Planning Board to control certain activities within 250 feet of any water body and more strictly limit development within 100 feet of water bodies in parts of town not on the municipal waste water system and within 50 feet of water bodies in areas serviced by the municipal waste water system. A water body is defined as ponds over 5 acres and streams that normally run 12 months a year. Copies of this proposed amendment are available for inspection at the Town Clerk's office, the Code Enforcement Office, the Selectmen's Office, and posted in the Town Hall, Osgoods, and the Post Office. (Recommended by the Planning Board)

ARTICLE 6. Are you in favor of amending the Farmington Land Use Ordinance by adding a new section, the Wetlands Conservation Overlay District, as proposed by the Planning Board. These regulations would apply to all wetlands within the Town. Three classes of wetlands would be designated based upon established criteria. They would prohibit some activities and regulate other activities that could occur in wetlands and certain activities within 100 feet of Class 1 and 50 feet of Class 2 wetlands, while Class 3 wetlands would not be restricted by this regulation. Copies of this proposed amendment are available for inspection at the Town Clerk's office, the Selectmen's office, the Code Enforcement Office and posted in the Town Hall, Osgood's, and the Post Office. (Recommended by the Planning Board)

ARTICLE 7. To see if the Town will vote to establish partisan elections for local (town) elective office in the next, upcoming town election. (be petition)

ARTICLE 8. Shall the Town vote to adopt the following: No tenant shall be eligible to receive public assistance unless the landlord first obtain from the Code Enforcement Officer a certificate of compliance with the Farmington Housing Maintenance code adopted in 1986 and the N.H. Life Safety Code (NFPA 101).

ARTICLE 9. To see if the Town will vote to indemnify and hold harmless the Selectmen, administrative staff, or agencies for any loss, claims or causes of action arising out of or in the course of performance of their official duties.

- ARTICLE 10.** To authorize the Selectmen to sell to the highest bidder municipal vehicles including two fire trucks, one automobile, and other equipment as determined by the Selectmen.
- ARTICLE 11.** To see if the Town will vote to authorize the Board of Selectmen to apply for, receive, and expend without further action by Town Meeting, Federal, and State grants which may become available during the course of the year, in accordance with RSA 31:95-b and also to accept and expend money from any governmental unit or private source without further action by Town Meeting, to be used for purposes for which the town may legally appropriate money.
- ARTICLE 12.** To see if the Town will vote to raise and appropriate the sum of \$2,476,337 (two million four hundred seventy-six thousand three hundred thirty-seven dollars) for the operation, expenses, and commitments of the Town Government which represents the bottom line of column No. 3 (the Selectmen's budget) in the posted budget (MS-7). Said sum is exclusive of special article 13 and 14. (Budget Committee recommends \$2,485,029 (two million four hundred eighty-five thousand twenty-nine dollars) exclusive of articles 13 and 14).
- ARTICLE 13.** Due to the fact that the Farmington Fire Department, being a part of the Town of Farmington, has had communications problems with their radios, we the undersigned (petitioners) feel that it puts the firefighters in a dangerous situation, even life threatening. We are asking the Town of Farmington voters to raise and appropriate the sum of \$37,274.00 to purchase VHF High band radios, consisting of one repeater, one base station, seven mobile radios, eight portable radios, thirty-three pagers. All purchases will be made only after the Farmington Fire Department has been issued (two) VHF high band radio licenses. (by petition) (Not recommended by the Budget Committee)
- ARTICLE 14.** To see if the Town will vote to raise and appropriate \$667 for the Woman's Resource Center. (by petition) (Not recommended by the Budget Committee)
- ARTICLE 15.** To see if the Town will vote to pay only under protest any and all sums mandated by the State in violation of the State Constitution which are included in this budget and which the Board of Selectmen deem expedient to pay pending resolution of their constitutionality and to refuse to pay those sums mandated by the State in violation of the State Constitution which the Board of Selectmen deem inexpedient to pay.

- ARTICLE 16.** To see if the Town will vote to authorize the Selectmen to borrow notes to the credit of the Town such sums of money as may be necessary to meet current expenses in anticipation of Taxes.
- ARTICLE 17.** To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the town gifts, legacies, and devises made to the town in trust for any public purpose, as permitted by RSA 31:19.
- ARTICLE 18.** To see if the Town will vote to authorize the Board of Selectmen to transfer Tax Liens and convey property acquired by the Town by Tax Collector's Deed by Public Auction (or advertised sealed bids) or in such other manner as determined by the Selectmen as justice may require.
- ARTICLE 19.** To see if the Town will vote to discontinue the section of Dick Dame Lane which has been replaced by a new road as a result of a subdivision as shown on plot No. 40-4 at Strafford County Registry of Deeds on land of Paul and Elmer Barron provided no damages are sought by landowners.
- ARTICLE 20.** To see if the Town will amend the Solid Waste Disposal Regulations, Section III H Unacceptable Waste to include those items voted by the Board of Selectmen, June 4, 1990 as unacceptable and conditionally acceptable. Copies of the items are available in the Town Clerk's Office and the Selectmen's office.
- ARTICLE 21.** To see if the Town will vote that the responsible party for any hazardous material incident will be financially responsible for the costs of all clean up including costs of all emergency response costs. The property owner will be the responsible party unless evidence clearly indicates otherwise.
- ARTICLE 22.** To see if the Town will vote to reverse action taken at the March 1983 Town Meeting and will grant the Selectmen the authority to utilize the entire Town Hall for all ages as they deem reasonable. The ten year restriction placed upon part of the basement, in exchange for Federal money for renovations to the Senior Citizen Center, expires in the fall of 1992.
- ARTICLE 23.** To transact such other business as may legally come before this meeting.

We hereby certify that on the fourteenth day of February 1992, we posted an attested copy of the within warrant to the place of Meeting within named and a like copy at the Farmington Post Office, a public place in said Town.

Barbara Spear, Chairman
Willis H. Berry
John J. Silvia, Jr.

Then personally appeared the above-named Barbara Spear, Willis H. Berry and John J. Silvia, Jr. and made oath that the above certificate by them is true.

Kathy L. Vickers
Town Clerk

A true copy of Warrent attest:

INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION

To the Town Manager and
Members of the Board of Selectmen
Town of Farmington
Farmington, New Hampshire

We have audited the accompanying general purpose financial statements and the combining and individual fund financial statements of the Town of Farmington as of and for the year ended December 31, 1990, as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Asset Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Asset Account Group is not known.

In our opinion, except that omission of the General Fixed Asset Account Group results in an incomplete presentation, as explained in the above paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Farmington as of December 31, 1990, and the results of its operations (and cash flows of nonexpandable trust funds) for the year then ended, in conformity with generally accepted accounting principles. Also, in our opinion, the combining and individual fund financial statements referred to above present fairly, in all material respects, the financial position of each of the individual funds of the Town as of December 31, 1990, and the results of operations of such funds for the year then ended, in conformity with generally accepted accounting principles.

February 21, 1991

ANNUAL REPORT OF THE PLANNING BOARD FOR 1991

Despite the continued economic slowdown, the Planning Board has had a busy and prosperous year. We are pleased to welcome two new Board Members: Earl Simonsen and Skip Sansoucy; and will miss the dedicated service of Emmanuel (Manny) Krasner who served this Board for twelve years. Mr. Krasner retired from the Board in March of 1991 in order to be able to pursue other goals.

A total of 30 applications were made to the Planning Board during 1991: 1 for Earth Removal, 13 for Subdivisions and 14 for Site Review (9 of which requested a waiver of site review and were granted the waivers, 4 were approved and 1 was denied for lack of information and improper plan.) An additional 2 were presented to the Board for revision of their original plan.

Several Subcommittees were organized which dealt with the following areas:

CAPITAL IMPROVEMENTS: This subcommittee worked diligently to compile much of the necessary information. They were aided by the Selectmen and all town department heads. The project is scheduled for completion in 1992.

WETLANDS ORDINANCE: The group reviewed and amended an ordinance which will be presented to the voters in March of 1992.

WATERFRONT PROTECTION OVERLAY ZONE: Also reviewed and amended for presentation to the voters in March of 1992.

Additional items worked on by the Planning Board during 1991 some of which will be presented to the voters consist of: specific time limits for conditional approvals and approved subdivisions; clarification of existing mobile home regulations and changes in the set-back requirements.

The Board wishes to express its appreciation to the Selectmen, the Conservation Commission and all department heads for their help and cooperation in various endeavors and look forward to their continued assistance as we move into 1992.

Respectfully submitted,
Elmer W. Barron III
Chairman

REPORT OF THE BOARD OF SELECTMEN

1991 was a year of challenges to find ways to fund projects without using additional property tax dollars. The settlement with Davidson provided \$525,000 which the Town spent for two new wells and a fire engine. There is admiration for the new fire engine which arrived in December. It is a 1500 gallon pumper-tanker that was custom built to specifications drawn up by the Fire Department. The construction of a pump station for the new wells is nearly complete and the well should be in use in March of 1992. Two State Grants assisted in energy improvements and the Town's recycling efforts. The baler was installed at the landfill and a new storage building constructed with 50 percent State funds. The State also paid 50 percent of the cost of Energy improvements to the Fire Station and Waste Water Treatment plant for improvements ranging from new overhead doors to an electronic variable speed drive. The Town participated with the State in a Waste load Allocation Study of the Cocheco River to determine the effect of any proposed increase of effluent from the waste water plant. This study would have cost the Town \$50,000, but with State help the cost to the Town was \$3,400. While the Town's application for a CDBG grant scored well, the State's funds were exhausted so that the Town did not receive housing money. A new application is being readied for 1992 seeking \$350,000.

It was a shock to learn of the sudden death of John Oakley, who was caretaker of the Town Clock for 28 years and also served in other capacities including Selectmen, Budget Committee, and Planning Board. He will be missed. After five years, the Town Hall custodian, Roger Belanger left. He continues to be active in the publication of Puddledock Press. A new police officer was hired, Randy Sobel. Desert Storm took Police Officer Dan Yoder to Montana for several weeks. We all rejoiced to see him and all the other military personnel from Farmington return safely. The Board hired Francis Marcoux who has done an excellent custodial job at the Town Hall. Francis worked with volunteers to oversee painting the Town Hall interior, including the gym and its ceiling.

While the entire fire department deserves recognition for their efforts to protect the community, the Board wishes to give special recognition to Gary Pageau, who at risk to his own life, rescued a resident of Green Street from a burning living unit.

On the legal front, the Town was successful in defending a suit regarding drainage into Kicking Horse Brook and in obtaining a cleanup order for a machinery junk yard.

A survey of the landfill revealed continued life expectancy and enabled the Selectmen to plan more economically for the eventual closure. The Town participated in a Hazardous Household Waste Collection day. High prices for scrap metal enabled the Town to have the metal removed at no cost.

The downtown continued to see improvements with new sidewalks on Main

Hill. One phase of paving on the Ten Rod Road was completed. Shimming was done on Meeting House Hill Road, Spring Street, Ten Rod Road, Grove Street, and other shorter sections of streets. A winter maintenance plan was adopted.

In closing we wish to thank our outstanding staff of dedicated employees who have carried out our policies and services. We thank all the businesses and their owners who have donated time, goods, money, and equipment for a multitude of causes. We thank Mr. and Mrs. James Thayer for their many contributions including a FAX machine to the police, new lights for the Town Clock, and a trust fund to pay the electricity in perpetuity on those lights. We also express our deepest gratitude to the many individuals who have given freely of their time to serve on committees and boards for the Town. These efforts have been a tremendous boost to the community, and we thank them for their time, help and dedication. We also thank the many citizens who have contributed their time and efforts in other ways. It is as a community working together that we are able to say with pride, "We live in Farmington."

Barbara Spear, Chairperson
John J. Silvia, Jr., Selectman
Willis Berry, Selectman

FARMINGTON POLICE DEPARTMENT 1991 ANNUAL REPORT

The Police Department is proud to report to its bosses, the people, what has occurred during the past year and what the department wants to accomplish for 1992.

First, let's start with personnel. The department had one Officer called to duty for the Desert Storm Operation and for quite sometime he was away, stationed in Montana. We had another Officer on a special assignment across the State in Claremont, New Hampshire helping out in a drug investigation for about 3 months. We had one Officer in the police academy for almost 3 months. We had two other Officers who were on notice for possible activation regarding the Desert Storm Operation and we had a position that we were trying to fill. Basically the Department was short handed by 40 percent for about 25 percent of the entire year. The department was able to hire a New Hampshire certified officer hereby saving the Town several thousand dollars in training costs. This officer started around the first of May. Additionally, throughout the year we had officers out on workmen's compensation resulting in several months of lost time.

Second, training; the department and Town, through the Board of Selectmen, have a strong and deep commitment to training the officers and staff in order to minimize officer stress, increase ability, deter lawsuits and provide the best possible police service for the funds allocated. The department and officers attended training on hazardous waste, crime scene photography, narcotic prosecution,

establishing a defensive emergency vehicle operation program, drug identification, sexual assault investigation, basic fingerprinting and DWI programs to name a few. The office staff attended training on stress in the workplace, and on Uniform Crime Reporting updates.

Third, in looking at police operations we fared well despite having 40 percent of the department away due to injuries, special assignment, the Police Academy and a war for a good portion of the year. The department presented almost 1200 cases to the Rochester District Court for prosecution. That statistic would have been higher if the department had been at full strength for the whole year. The court assessed \$31,923.80 in fines, levied 21 years worth of license suspensions, committed people to jail for 384 days and suspended over 3 years worth of jail time for violators.

The department conducted a dozen directed patrols around town in order to deal with speeding, suspicious activity, trespassing or other criminal activity. We helped conduct McGruff and child fingerprinting programs for the Farmington National Bank and the Milton Police Department and when school began we reinstituted our school lunch program. In the schools, we participated in driver education classes and in health classes dealing with alcohol awareness.

This department initiated the concept of a Strafford County regionalized Drug Task Force. The County Attorney's office and other departments began to support the idea, however, the Attorney's General office turned down our request at funding. We continued to meet with the County Attorney and apparently the Attorney's General Office noticed because progress has been made recently on the concept of regionalizing resources. The future looks promising in this area.

We sponsored a meeting of the New Hampshire Criminal Investigators Association at which there were representatives from State, Local and Federal agencies. In August a drug talk was presented to several Yugoslavian students by our detectives.

Fourth, regarding equipment, the department received a FAX machine as a donation from the Thayer family. I want to thank them ever so much. The machine has been a great help in sending and receiving information. We obtained a new copier, Conway Office Products also brought a nice stand for it at no cost to the department. Progress was made in protecting the Office staff as a new bullet proof window was installed. I feel very confident that the Town received a dollars worth of service for each budget dollar expended.

Next, I would like to turn to 1992, already the department has expanded services over last year. The DARE program began in January and the school lunch program has been reinitiated and will continue until school gets out.

We are researching possible grants from the Department of Transportation and the New England State Police Information Network regarding DWI and drug

programs respectively. We will be working throughout the year on revamping our rules and regulations, policies and procedures to ensure that we are in compliance with the Americans With Disabilities Act that was passed by Congress. The State is going to a new Uniform Crime Reporting format in which 53 categories will be required and tracked instead of the current 8 categories, so we must prepare for these changes that are coming in 1992. We will be looking into national accreditation for the department, which is similar to accreditation received by schools and hospitals, by complying with certain national standards. In this program there are 944 standards set down by the accreditation commission.

Lastly, I want to mention Sergeant Walter W. Brown. As most people know by now he is retiring in June of this year and I want to take a minute to reflect upon Walter and his service to the community. Sergeant Brown has been dedicated to the department and to the Town. His knowledge of people and his easy going style have reflected favorably upon the department but most importantly upon himself. When I started as Chief in 1987 I'm sure he had some uncertainty as to what to expect. Walter became more knowledgeable and attained many skills. He constantly showed an interest in improving himself and he became more proficient in his duties. It was always Walter I turned to when I needed information about a person or that person's family. I was never disappointed in that area. Walter and I have on many occasions talked about the changes in law enforcement and the young men entering into the field and what I remember most distinctly is Walter's compassion for people and how he tried to treat every person just like he would like to be treated. I wish him many happy and full years in his retirement.

Respectfully submitted,
Barry J. Carr
Chief of Police

HIGHWAY DEPARTMENT 1991 ANNUAL REPORT

To the good citizens of the Town of Farmington, N.H. The Farmington Highway Department was involved in many various activities over the past fiscal year.

Many of you might have seen the crew this past summer paving the Meetinghouse Hill Road, which was shim coated in house with our own equipment and I'm proud to say our own new paving drag box. The distance covered was 2 3/4 miles. We also paved 1 mile on Spring Street and the paved portion of the River Road.

The Highway Department also reconstructed the grade and drainage system and built a new fence along part of the sidewalk on Tappan Street from the Goslin property to the parking lot of Bud Star Market.

Again this year the Town of Farmington subcontracted the sidewalk project from Grove Street to School Street to Unex Construction. Due to budget con-

straints the Highway Department completed the proposed project from the Lafavour property on North Main Street to Courtland Street upgrading storm drain pipes, raising storm drain covers to correct grades and completing to the sidewalk to finish grade.

Again this year we are still in the process of replacing, upgrading and installing new culverts throughout the Town and the country road ways. The Department extended the storm drain system on Pleasant Street and repaired the road service with our own in house equipment.

Dedicated to do our best at holding the line on property taxes, many of the aforementioned projects were done with State subsidy monies.

The Board of Selectmen adopted a Winter Maintenance Plan.

I would like to take this time to thank the Citizens of Farmington and the Board of Selectmen for their continued support in what the Highway Department tries to do. We look forward to many years of continued service in the years to come.

Respectfully submitted,
Clark Hackett, Road Agent

ANNUAL REPORT 1991 FARMINGTON ZONING BOARD OF ADJUSTMENT

Once again it is my pleasure to report on the activities of the Farmington Zoning Board of Adjustment. This is a volunteer board, appointed by the Selectmen. Our job is to hear appeals requesting variances and special exceptions to the Farmington town ordinance, or appeals from administrative decisions made by town officials. I am extremely pleased that we have earned the reputation (well deserved) of being a democratic board which conducts fair and impartial hearings. We continue to update our knowledge with changes in state zoning laws and trends in state planning. During the fall, some members attended the 16th Annual Municipal Law Lecture Series.

During 1991, the Board held 17 public hearings. Seven of these were requests for variances, seven were for special exceptions, and three were appeals from administrative decisions. Of the request for special exceptions, all were granted; of the request for variances, 4 were granted. Regarding the appeals from administrative decisions, one appeal was granted, the other two were denied.

Some requests for variances over the last few years have led the Board to question the fairness of certain ordinances, such as the setback requirements in the 1- and 3-acre zones. The Planning Board took over our input under advisement and has since proposed amendments to the Land Use Ordinance.

The Board collected application fees totalling \$819.00. These fees cover the cost of processing applications, such as postage (notification of public hearings are sent to abutters by certified mail, return receipt requested) and newspaper advertisements.

Respectfully submitted,
Mary M. Jolles, Chairperson

REPORT OF THE CODE ENFORCEMENT OFFICE

In 1991 the Code Enforcement Office was asked to take an active role in Economic Development by assisting existing industries and businesses in their efforts to expand and also to work with new industries and businesses that are considering Farmington as a location for future development.

There is considerable interest in Farmington due to the large tracts of land on Route 11 that are available. However, the lack of sewer and water limits the practical uses.

In 1991 the Code Enforcement Office reviewed 96 construction plans, issued 92 building permits valued at \$1,333,575 and issued 45 electrical permits. The office also renewed 125 building permits from 1990 and 1989 which are still pending completion. The building permits are broken down as follows:

New Homes	7
Mobile Homes	9
Residential Repairs/Alterations	20
Residential Additions	29
Residential Outbuildings	7
Commercial Buildings	3
Commercial Repairs/Alterations	13
Others	4
Renewals	125

62 complaints were investigated with 3 resulting in court action. 796 construction and electrical inspections were conducted. 9 life safety inspections were conducted at the request of the property owner. 38 evening meetings of the Planning and Zoning Boards were attended as well as 4 seminars totalling 10 days and 3 evenings.

The Code Enforcement Office scheduled 27 applicants for new business before the Planning Board and 23 applicants for Public Hearings. These applicants require from 1/2 hour to several hours to complete each application and review their plans for compliance to Town and State Regulations.

All applications to the Zoning Board of Adjustment are processed through the Code Enforcement Office and the office receives many inquiries relating to

Variances, Special Exceptions and Appeals of Administrative Decisions. Many applicants, when made aware of the criteria which must, (by law) be met, to receive a variance, do not go forward, which results in fewer public hearings.

Respectfully submitted,
Donald J. Gilbert
Code Enforcement Officer

WATER DEPARTMENT 1991 ANNUAL TOWN REPORT

The two new wells (No. 4 and 5) are installed and awaiting pumps. The pipeline work is 90 percent complete and the control building is almost entirely enclosed. The entire job should be completed by mid-March. The addition of these two wells provides a much needed backup water supply with a reserve capacity to meet the needs of the Town for the foreseeable future.

We pumped approximately 91,604,000 gallons of water or an average of 251,000 gallons per day from Well No. 3 and approximately 12,324,000 gallons of water or an average of 33,764 gallons per day from Well No. 2.

Our goal for the next few years will be to replace and clean water mains that are undersized and deteriorated principally in the Bunker and Glen Street areas. The storage tank was inspected in 1991, and found to be in good shape. The tank is scheduled to be cleaned in 1992.

We started getting persistent bacterial violations in 1990 and had one in January 1991, so it was decided to go to permanent chlorination on January 24, 1991. Since we have done this, there has been only one violation in May. We are adding a minimum dose of chlorine and trying not to effect the taste of the water.

The New Hampshire Department of Transportation was supposed to rebuild the Tappan Street Bridge in 1991, so we decided to place the water main in the street and across the bridge. This would remove an old 6" main that goes under part of the Catholic Church building and through the river bed. NHDOT had an emergency bridge replacement job and was not able to replace the bridge as planned in 1991. We brought the required materials and tied into the Central Street main and laid several sections of pipe towards the bridge. This job is now scheduled for completion in 1992, depending on State priorities.

Respectfully submitted,
Dale Sprague, Superintendent

WASTEWATER DEPARTMENT 1991 ANNUAL TOWN REPORT

The Wastewater plant treated 75,648,000 gallons of sewage or an average flow of 207,300 gallons per day. The biochemical oxygen demand average removal was 94 percent and the suspended solids average removal was 92 percent for the year. The Discharge permit requires a minimum of 85 percent removal for both so the plant is operating very well. There were no major capital items replaced in 1991 - just the maintenance of the existing equipment and structures. All units are operational.

The State is conducting a study of the Cocheco River and how the effluent effects the quality of the river. This is called an assimilative capacity study. The outcome of this study should be available by the end of January or beginning of February, 1992. This study will determine what changes the plant will have to make and whether the sewer moratorium can be lifted. We will review this study and use 1992 to look at various options and make long range plans for upgrading the plant to meet the Town's future needs.

The Wastewater Department participated with the State in an energy grant of 50/50 matching funds. This grant provided for the installation of an oil fired heating system with the electric heating system being reduced to a backup only. The garage door was replaced with an insulated door and deadlights added to the windows. Several louvers were covered over permanently and one temporarily (winter only) to reduce heat loss. Two variable frequency inverters were added to the return sludge pumps with new nonslip belt/sheave drives to increase their efficiency. These energy improvements are calculated to save \$4,285 per year with a simple combined payback of 3.2 years.

Respectfully submitted,
Dale Sprague, Superintendent

PARKS AND RECREATION

The Parks and Recreation Department is proud to have added more programs to its schedule that are free to the adults and children of Farmington this year. As the economic times get tougher for everyone, we know how important it is to have affordable recreation available to as many citizens as possible.

This year we have added a Junior High Recreation basketball league into our winter schedule. With basketball being as popular as it is in Farmington, we were able to put together a league of four teams with ten players each. Also new this year is a coed adult volleyball league with four teams of eight players each. This allows couples to enjoy a night of recreation together, rather than two separate nights for men and women.

We are especially proud of our 1991 high school rec basketball team who took second place in the Northeast Basketball League. This league is comprised of teams from much larger cities such as Dover, Rochester and Seabrook. The team was chosen after the high school teams and was therefore made of players who would not have played because of grades or those who felt they could not play high school ball. Our recreation assistant, Steve Mosher, coached the team, arranged to have the play-offs in Farmington for the first time and was elected to the position of vice president of the league for the 1991-1992 season.

Hay Day was one of our most successful yet, but do not be fooled, we are always looking for new ideas for Hay Day. If you have any ideas for an event, do not be shy, give us a call we may put you and your idea to work. A fresh face often brings with it fresh ideas. We are also open to any ideas for new programs of any kind, so if you have anything you would like to see going on give us a call.

As always this is the best time to thank our volunteers and businesses for donating their time and money for everything from chaperoning dances to donating for the fireworks at Hay Day. There are many things that we would not be able to do without you. There are never enough hands when we sponsor a big event like Hay Day or the Road Race, so if you have some time, let us know, we appreciate any help you can give.

Respectfully submitted,
Linda Ghareeb, Recreation Director

1991 GOODWIN LIBRARY REPORT

STATISTICS:	1988	1989	1990	1991
Total Circulation	14,458	17,669	18,326	23,027
In-house Usage	--	1,300	2,990	5,450
Interlibrary Loan	15	64	139	215

The demand and desire by this community for expanded library services presented itself in dramatic numbers in 1991. The total circulation - the number of books and magazines checked out of the library - jumped by 30 percent. The interlibrary loan service increased over 47 percent. Most of these requests for outside material are for student and adult education, or information purposes. The majority of the 1,819 patron cards belong to Farmington residents. Many of this number are one card per family. An in-house usage survey counts the number of materials used but not circulated out of the library. This year's survey has shown a doubling of usage by town citizens.

Programs sponsored by or held at the library in 1991 include:
Weekly preschool story hour.
Art Show Exhibitor Open House.

Programs continued:

Art Exhibit - held for one week in April.

Free income tax service sponsored by the IRS.

Summer reading program - held for 6 weeks, for children ages 7 - 12.

Writer's workshop - taught by Milli Gay.

FARMINGTON FIRE DEPARTMENT ANNUAL REPORT FOR 1991

The Farmington Fire Department answered 168 alarms during 1990. The average response time was 6 minutes.

Our new fire truck (Engine 1) was delivered in December 1991. This new fire apparatus will greatly increase our ability to protect property and people and also serve the town. We would like to thank all the people of Farmington for their support. Our Ladder Truck was tested again and certified. Engine 3 will be converted from a tank truck to a hose-reel truck. This should greatly improve our ability to supply more water to the surrounding areas.

We will do more training this year than ever before due to more rules and regulations from both the State and from NFPA.

We would like to give special recognition to Capt. Gary Pageau for his bravery. He went above and beyond the call of duty as a firefighter. Capt. Pageau rescued a person from a burning structure, thus saving the person's life.

The Farmington Fire Department would like to thank all of you for your support in our many fundraisers, making them very worthwhile. Also we would like to thank all the citizens who came out on many a cold and late night to serve us coffee, etc. Thank you for your past interest in the department and hopefully we can all work toward a safer place to live.

Respectfully submitted,
Richard Moulton, Chief

1991 REPORT OF THE CONSERVATION COMMISSION

The Conservation Commission had a very productive year.

Handbooks were made available to the Commissioner's this year by a donation from the Portsmouth Knights of Columbus.

21 wood duck houses were built and put up. Materials were donated by Cameron's Home and Garden Center and Palmer's Hardware. A monetary donation from Purity Supreme Supermarket was also received.

The Conservation Commission applied to have the UNH outreach program help the Town with an inventory and management program for the Town Forest, adjacent to the mill pond on Old Bay Road, and was accepted. This should prove to help townspeople take advantage of our valuable Town Forest resource that has been sitting idle for several years.

The Conservation Commission had worked with the Planning Board during the year compiling proposed wetlands and waterfront ordinances. We are in hopes that this proposal will be approved by ballot at the upcoming town meeting. While this proposal will protect our wetlands and surface water resources, it is very compatible with and will have a positive impact economic development of the Town.

Plans for 1992 include continuing with our Town Forest project, wood duck project, and to start indexing our natural resources.

We invite anyone interested to participate in the Conservation Commission activities.

Respectfully submitted,
Randy R. Orvis
Chairman

REPORT OF THE HEALTH OFFICER/ANIMAL CONTROL OFFICER

This year has been a productive one for the Health/Animal Control Department. Three Hundred Thirty-Eight complaints have been responded to. The complaints vary from barking dogs to loose cows to requests for health inspections.

The door-to-door campaign to license all dogs is working very well. In 1990, the need to remind residents to license their dogs was a necessity. By doing so, it has made owners more aware of their responsibility to license their dogs. Making the need to go door-to-door a lesser one in 1991.

A total of \$3,876.50 was generated from dog licenses and various fines. Fifty-one canines have been transported to the Cocheco Valley Humane Society.

Due to the rabies virus coming into this area, I want to make everyone aware of the great urgency to have all pets inoculated.

Due to the increased number of calls received at my home, I would appreciate all calls being directed to the police department. Your cooperation would be gratefully appreciated.

Respectfully submitted,
John C. Fitch
Health/Animal Control Officer

RURAL DISTRICT HEALTH COUNCIL, INC. ANNUAL REPORT

Rural District Health Council, Inc. continues to serve as Farmington's home health agency offering skilled nursing, rehabilitative services, home health aides, homemakers and hospice care on an intermittent basis. A nurse is available to our clients 24 hours a day, seven days a week with visits made as needed. Home health services help to limit the length of hospitalizations and enable people to remain in their homes as opposed to nursing home placement.

Rural District Health Council, Inc. provides Well Child Clinics for residents of our nine communities with children from birth through six years receiving physicals, immunizations, growth and development counselling, nutritional counselling, and lead, anemia and urine testing. Home visits are provided for newborns and sick children of all ages. Sids counselling is offered to all families that are dealing with Sudden Infant Death. As of December 31st, 1991 three-hundred and seventeen children are enrolled in our Well Child Clinics.

Health Screenings are offered in five locations for resident of all nine communities to educate the public with regard to health maintenance through B/P monitoring, diet counselling, and assessment of blood hemoglobin and glucose. Over two-hundred and sixty-five flu shots were given this fall.

There have been many changes within the Agency this year. The growth has been astounding, we have completed over 15,450 visits in 1991, up from 10,080 in 1990. The staff has adjusted well to the growth and the change that comes with a change in administration. We have taken the plunge into the world of computerization. Rural District is working with two other area VNAs and Strafford Hospice to provide our communities with a certified Medicare Hospice program.

Rural District is especially pleased to have been able to reduce our per capital request to each of our supporting towns. We have accomplished this without any infringement on available services. We recognize that each of our communities are having to tighten-up their budgets and we are doing our best to help in those efforts. During this economic climate when more and more people cannot afford health care, are avoiding hospitalization and have no insurance Home Health Care is increasingly important.

We appreciate and need your ongoing support. We thank your Board Representatives for their time and efforts on behalf of Rural District Health Council, Inc.

Respectfully submitted,
Linda Hotchkiss
RNBS Exec. Dir.

MINUTES TOWN MEETING
March 13, 1991

Emmanuel Krasner, Moderator, opened the meeting at 7:10 P.M. He read the election results from March 12, 1991. This covered Articles 1 through 6.

- ARTICLE 1.** To choose one Selectman for three years, one Selectman for two years, one Treasurer for one year, three Budget Committee members for three years, two Budget Committee members for two years, one Budget Committee member for one year, and one Trustee of the Trust Fund for three years.
- ARTICLE 2.** Are you in favor of the adoption of Amendment Number 1, amending section 3.6 of the Town of Farmington Land Use Ordinance as proposed by the Planning Board to allow business and commercial uses including retail sales by special exception in the industrial district. Yes 355 No 115
- ARTICLE 3.** Are you in favor of the adoption of Amendment Number 2 as proposed by the Planning Board for the Town of Farmington Land Use Ordinance to create an Aquifer Protection Zone to "protect, preserve and maintain existing and potential ground water supply and ground water recharge areas within the known aquifer from adverse development or land use practice." the proposed amendment prohibits certain uses and permits certain uses within the zone. It includes part or all of the following tax map lot numbers: U7 lot 15; U1 lots 10, 11, 12, 23, 24, 25, 26, and 27; R46 lots 1, 1A, 2, 3, 4, 6, 7, and 8; and R50 lot 2. Copies of this proposed amendment are available for inspection at the Town Clerk's office, the Selectmen's office and posted in the Town Hall, Osgoods, and the Post Office. Yes 388 No 93.
- ARTICLE 4.** Are you in favor of adopting by reference as an ordinance the Boca National Building Code of 1990, and to repeal all provisions of the 1985 Boca Code (Adopted by the Town, March, 1986) in conflict therewith? Yes 256 No 174
- ARTICLE 5.** Are you in favor of authorizing the Planning Board to adopt site review regulations that will cover and control a change of use or expansion of use for nonresidential uses or residential uses where there are more than two dwellings per lot as provided in RSA 674:43. This will update the Site Review Regulations regarding applicability, 2.04 of the Site Review Regulations. Copies of this proposed ordinance are available for inspection at the Town Clerk's office, the Selectmen's office and posted in the Town Hall, Osgood's, and the Post Office. Yes 269 No 198

ARTICLE 6. Are you in favor of amending the Land Use Ordinance to add a new section entitled "Special Downtown District" which would exempt commercial development in certain areas of the Town of Farmington from Site Review Regulations? Copies of this proposed amendment are available for inspection at the Town Clerk's office and the Selectmen's office and posted in the Town Hall, Osgood's, and the Post Office. (By petition) (The Planning Board does not have a recommendation on this article.)

Yes 183 No 276

ARTICLE 7. To see if the Town will vote to indemnify and hold harmless the Selectmen, administrative staff, or agencies for any loss, claims or causes of action arising out of or in the course of performance of their official duties.

John Scruton made a motion to accept as read, seconded by Patty Conway. No discussion. Approved by voice vote.

ARTICLE 8. To see if the Town will vote to authorize the Selectmen to borrow notes to the credit of the Town such sums of money as may be necessary to meet current expenses in anticipation of Taxes.

John Scruton made a motion to accept as read, seconded by Willis Berry. No discussion. Approved by voice vote.

ARTICLE 9. To see if the Town will ratify the agreement negotiated between the Board of Selectmen and Davidson Rubber in settlement of claims by the Town against Davidson Rubber Company relating to the release of contaminants on and beneath the Sara Greenfield property, and requiring Davidson Rubber Company to remediate the aquifer beneath the Sarah Greenfield property so as to once again be suitable for use as a public drinking water supply for the Town. Under the Terms of the Settlement, Davidson Rubber Company has paid the Town \$525,000 for the cost of a new drinking water supply well and in repayment of legal and consulting costs, in partial settlement of the Town's claims. The \$525,000 is now held in an escrow account pending Town ratification of the agreement. To facilitate remediation, the selectmen have negotiated a limited restrictive covenant with Davidson Rubber Company to limit the use by the Town of certain portions of the Sarah Greenfield property for a time period not to exceed thirty years, and to refrain from using the aquifer beneath the Sarah Greenfield property for drinking water purposes until the aquifer meets all applicable legal standards governing public drinking water supplies. A copy of the Agreement is posted for inspection at the Selectmen's offices, Town Hall, Osgoods, and the Post Office.

William Tsiros made a motion to accept as read, seconded by Mary Barron. After much discussion, it was approved by voice vote.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$2,996,853 (two million nine hundred ninety-six thousand, eight hundred fifty-three dollars) for the operation, expenses, and commitments of the Town Government which represents the bottom line of column number 3 (the Selectmen's budget) in the posted budget (MS-7). Said sum includes Article 11 through Article 14 but is exclusive of special Article 15 and 16. (Budget Committee recommends \$3,001,397 (three million one thousand three hundred ninety-seven) inclusive of Articles 11 through 16.

John Scruton made a motion to raise and appropriate \$2,996,853. Donald Gordon seconded. Mary Barron made a motion to amend to add \$544 for the Woman's Resource Center (Article 15). Patty Conway seconded. The amendment was approved by voice vote after an explanation of the center was made. Mary Barron made a motion to add \$4,000 for CAP (Article 16) with the following conditions:

- A. Office to be open a minimum of 4 hours per day/three days per week from November 15 through March 15.
- B. Hours to be posted and met.
- C. Office to be staffed by a person qualified to make decisions.

William Tsiros seconded. Linda Ghareeb offered a friendly amendment to say that the person staffing the office be qualified to take fuel assistance applications and qualified to make decisions on those applications. This was accepted as a friendly amendment. The amendment was approved by voice vote. Richard Moulton made a motion to amend Article 14 down to \$190,000 as it was not going to cost as much as originally thought. Donald Gordon seconded and the amendment was approved by voice vote. A petition to vote Article 14 by secret ballot was presented to the moderator. There was a call to open the polls at 8:05 PM and close them at 8:20 PM. Since it was evident that voting would not be complete at 8:20 PM, a motion was made and seconded to keep the polls open until 8:30. The meeting was called back to order at 8:30. The vote on Article 14 was 140 Yes and 43 No. After much discussion on the various articles involved, the original motion as amended (\$2,991,397) was approved by voice vote.

- ARTICLE 11.** To see if the Town will vote to pay only under protest any and all sums mandated by the State in violation of the State Constitution which are included in this budget and which the Board of Selectmen deem expedient to pay pending resolution of their constitutionality and to refuse to pay those sums mandated by the State in violation of the State Constitution which the Board of Selectmen deem inexpedient to pay. (As voted in Article 10.)
- ARTICLE 12.** To see if the Town will vote to raise and appropriate \$3,000 to purchase property for the new well and if necessary go the route of condemnation under eminent domain to obtain land for wells four and five. (The Cemetery Association has generously agreed to sell most of the land needed for \$1.) (As voted in Article 10.)
- ARTICLE 13.** To see if the Town will vote to raise and appropriate \$397,000 to construct new wells, a pumping station and necessary transmission lines. \$400,000 plus interest from the Davidson Settlement is being set aside for Articles 12 and 13. (As voted in Article 10.)
- ARTICLE 14.** To see if the Town will vote to raise and appropriate two hundred thousand dollars \$200,000 for the purchase of a 1500 gallon fire truck and authorize the withdrawal of thirty-five thousand eight hundred and sixteen dollars (\$35,816) plus interest from the Capital Reserve Fund created for that purpose. (As voted in Article 10.)
- ARTICLE 15.** To see if the Town will vote to raise and appropriate \$544 for the Woman's Resource Center. (by petition) (Recommended by the Budget Committee) (As voted in Article 10.)
- ARTICLE 16.** To see if the Town will vote to raise and appropriate the sum of \$4,000 for Strafford County Community Action. (by petition) (Recommended by the Budget Committee) (As voted in Article 10.)
- ARTICLE 17.** This article to be voted on to determine if the people will dissolve the Office of Town Administrator and replace the Town Administrator with a full time position for one of the elected Selectman at a salary of \$20,000 per year. This act will put the administration of town business in the hands of the voters through their elected representative. If this article is adopted it will go into effect 90 days from passage of the article, to insure proper transition of duties. (By Petition)

A motion to table was made by Barbara Spear, duly seconded. After much discussion, Butch Barron called the question, was

duly seconded and approved by voice vote. The motion to table was approved by voice vote. At this time it was asked to go to Article 22.

ARTICLE 22. To see if the Town will vote to adopt the Ordinance for Registration and Operation of Bicycles as proposed by the Board of Selectmen. Copies of this proposed ordinance are available for inspection at the Town Clerk's office, the Selectmen's office and posted in the Town Hall, Osgoods, and the Post Office.

A motion to reject by Gerald Easson was duly seconded. After much discussion, the Article was rejected by voice vote. We then went back to Articles 18, 19, 20, and 21.

ARTICLE 18. To see if the Town will vote to authorize the Board of Selectmen to apply for, receive and expend without further action by Town Meeting, Federal and State grants which may become available during the course of the year, in accordance with RSA 31:95-b and also to accept and expend money from any governmental unit or private source without further action by Town Meeting, to be used for purposes for which the Town may legally appropriate money.

ARTICLE 19. To see if the Town will vote to authorize the Board of Selectmen to accept on behalf of the Town gifts, legacies and devises made to the Town in trust for any public purpose, as permitted by RSA 31:19.

ARTICLE 20. To see if the Town will vote to authorize the Board of Selectmen to transfer Tax Liens and convey property acquired by the Town by Tax Collector's Deed by Public Auction (or advertised sealed bids) or in such other manner as determined by the Selectmen as justice may require.

John Scruton moved to approve as read Articles 18 through 20 as they were standard Articles. Patty Conway seconded. This was approved by voice vote.

ARTICLE 21. To see if the Town will relinquish all claims it might have to that portion of Courtland Street which shows on the Town Tax Map between Lot numbers U11 17, U11 18, U5 166, and U5 165 excepting that portion currently maintained as a street and plowed as a cul-de-sac by the Town.

A motion by John Scruton to approve as read was seconded by Barbara Spear and approved by voice vote. (Now to Article 23)

ARTICLE 23. To authorize the Selectmen to sell to the highest bidder municipi-

pal vehicles and other equipment as determined by the Selectmen.

Patty Conway made a motion to approve as read, seconded by Ann MacKinnon and approved by voice vote.

ARTICLE 24. To see if the Town will authorize the Selectmen to negotiate with and in their sole discretion reach a settlement with Norman and Dorothy Parent and Joan E. Deptula or the current owners of tax map parcel U 09 lot 37 on a piece of land which is in dispute. The right to sell or otherwise agree upon the disposition of up to one acre of land from the Town's parcel U 09 lot 31 is specifically included in this authority.

John Scruton moved to accept as read, seconded by Mary Barron and approved by voice vote. A motion to table Articles 25 through 27 was made by John Scruton and duly seconded. A friendly amendment to do Articles 25 and 26 together and Article 27 separately was accepted. (see Article 26.)

ARTICLE 25. This Article is to be voted on to determine if the people will desolve the Zoning Board of Adjustment. If this Article is adopted it is to take place immediately. (By Petition) (See Article 26.)

ARTICLE 26. This Article to be voted on to determine if the people will desolve the Sight Review Board. If this Article is adopted it is to take place immediately. (By Petition)

After much discussion, Butch Barron called the question, seconded by Ann MacKinnon. This motion was approved by voice vote. The vote to table Articles 25 and 26 was approved by voice vote.

ARTICLE 27. This Article to be voted on to determine if the people will desolve the Office of the Building Inspector. If this Article is adopted it is to take place immediately. (By Petition)

John Scruton made a motion to table, duly seconded. Randy Orvis made a point of order to read the question. The motion was withdrawn. Randy Orvis moved to reject the Article seconded by Ann MacKinnon. It was felt that the same job could be done in a halftime position with a reduced pay of \$10,000 and eliminating the secretarial position and appoint a part-time Planning and Zoning secretary. After much discussion, Donald Gordon called the question. This was duly seconded. The motion to cut off debate was approved by voice vote. The motion to reject the Article was approved by voice vote after much discussion

concerning what a yes vote or no vote would mean.

ARTICLE 28. To transact such other business as may legally come before this meeting.

A reminder of the dedication in the Town Report to Ken Dickie was made along with mention of past dedications of Wayne Spear (deceased) and William Cooper.

The meeting was adjourned at 10:30 PM following a motion to adjourn duly seconded and approved by voice vote.

Kathy L. Vickers
Town Clerk

SPECIAL TOWN MEETING MINUTES

June 4, 1991

This Special Town Meeting opened at 7:02 PM with Moderator Emmanuel Krasner calling the meeting to order and reading Warrant Article 1.

ARTICLE 1. To see if the Town will raise and appropriate the sum of \$45,000 for the purchase of the parcel of land known as the Hayward Block, Tax map U6, lot 23, 24 and for expenses associated with the demolition of the building and filling of the area. (Recommended by the Budget Committee.)

A motion to approve was made by Donald Gordon and seconded by Barbara Spear. After much discussion, Walter McGuigan moved the question. Barry Elliott seconded. The motion to move the question was approved by voice vote. The vote by voice vote was taken and was too close to call. A show of hands was asked for. Donald Howard presented a petition for secret ballot. A short recess was taken to set up for balloting. The ballot vote started at 7:50 PM. After determining if everyone who wanted to vote did a motion was made by Barry Elliott to close the polls. This was seconded by Ann MacKinnon and approved by voice vote. The results of the vote was: Yes 39 No 30.

ARTICLE 2. To transact such other business as may legally come before this meeting. A motion to adjourn at 8:05 was made by Ann MacKinnon, duly seconded and approved by voice vote.

Kathy L. Vickers
